

## **LOI KROH TRADITIONAL THAI MASSAGE & YOGA during the Covid-19 outbreak**

Even if we do not have many new or active cases of Covid-19 in Thailand and Chiang Mai, the government has still issued a strict curfew and lockdown on many businesses. The most regulated is the massage and health industry, we will be the last industry that the ban is lifted from. We do not know when or how long this will take for us to recover.

With a long ban on all incoming international flights into Thailand since April 2020, no students are able to come to Thailand. For now, this ban will continue until the end of June 2020. Sadly, this also means that we cannot hold on to our physical location at Loikroh road Soi 3 with this uncertainty in the industry. We have decided to let go of the school's location for now and let everyone rest and recover for the time being.

When the situation improves and everyone has healed, we will continue the Loi Kroh Traditional Thai Massage and Yoga classes again. The new location has not been decided yet, but we will announce this when we are ready to continue.

**If you want to study our Loi Kroh's northern style Thai massage or other courses, we strongly recommend you to get in touch with our authorized instructors around the World:**

### **In France – Europe**

**Xavier Hlavacek**, IRTT, is the founder and the operator of Le Lotus Blanc® based in Saint-Gaudent, southern Vienne, France.
